JADT-xxx Dzus to Tray Adapter Data Sheet

JADT-005
Flat Black

JADT-106
Flat Black with Silver Trim

Description

The JADT series will convert Dzus mount products into a 6.25" tray mount product. This adapter allows installers to quickly mount mixed avionics resulting in a uniform, professional look and feel to the instrument panel.

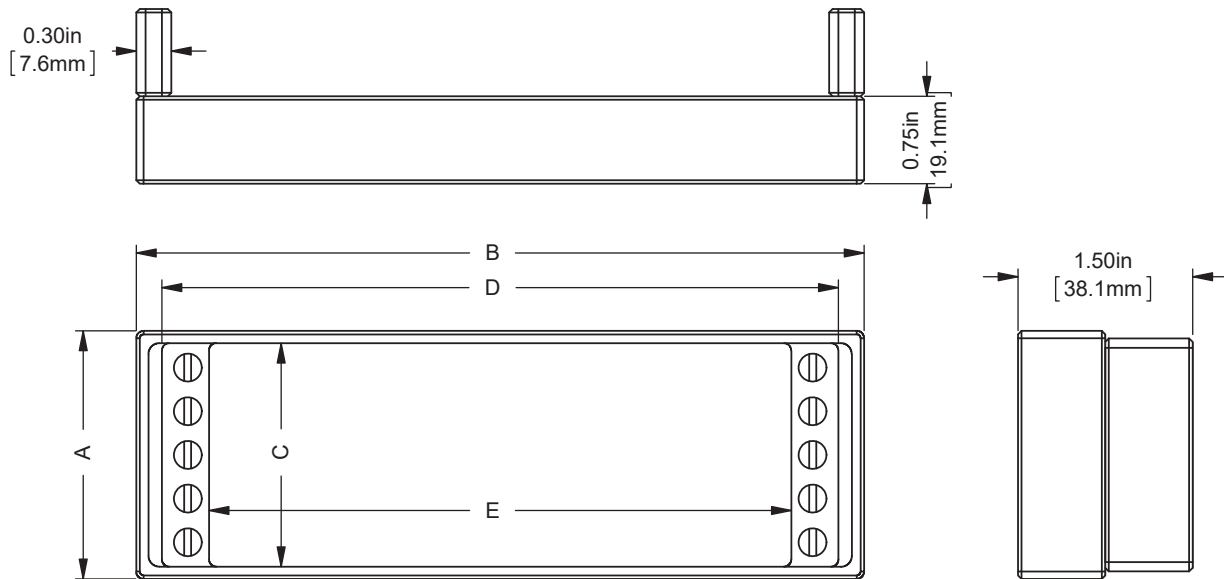

Features

- Lightweight
- Optional Silver Trim
- Designed and tested to support equipment weighing up to 3 pounds.
