> **WARNING:** Check the on-line Installation and Operating Manual for all product safety cautions and warnings and full instructions before installing or using the unit.

- Unpack the unit and check for shipping damage.

- Refer to the correct **JA95-xxx Installation and Operating** manual for your unit. To ensure the most recent version, download the manual from the Jupiter Avionics Corporation website – www.jupiteravionics.com.

- Complete the on-line Warranty Registration Form.

- Check all configurable values, and change if necessary using ProCS™ and Dealer Kit cables JA99-001 and CAB-USB-0002.

   o From the JAC website, locate Products>Software>ProCS

   o Download or check revision status of ProCS™.

   o From the ProCS™ 'Products' window, select the correct JA95-xxx (Audio Controller) and make any required configuration changes.
